

Dogs Day of Summer on the Mountain

Aug 26th Bogus Basin -- Be Ready to Hike at 9am

Bring your own lunch (and enough to share if you want) for after the hike

Frontier Nordic Lodge – Hike and Lunch

Walk/Hike - Nordic Connector, Lower Loop, The Flush, Redtail Trail Extension and Sappers Return. Estimate 4 miles.

Bring Water for you and your dog. There is no water on the trail.

Pack lunch and a lawn chair in your vehicle. After hike and if the area is open, we will drive ½ mile on the Nordic Highway to a very shady spot to relax and have lunch. This shady spot was not open last year as someone camped there, so we just hung at the front of the Nordic Lodge. There was a small table and some benches that worked perfect.

There is no bathroom available at the Frontier Nordic Lodge so stop at Simplot on way through. There is an outhouse on the trail where The Flush and Redtail Extension meet. There is no bathroom available where we are having lunch.
